## REPORT RULES AND SSTV IMAGE RECEPTION

For HF Mode participants:

"8AØSJDx, this is [participant's callsign], [Report], South Jakarta, Success SJDx Contest 2024, 73."

For VR Phone participants via Satellite:

"8AØSJDx, this is [participant's callsign], you are 59 QSL?"

For VR SSTV participants via Satellite:

1. Participants should only receive signals on the downlink frequency (RX).
2. Images will be transmitted using PD90 modulation on the downlink frequency 435.880 MHz ( $\pm 10$  kHz doppler) via IO-86 satellite.
3. The uploaded image must match the one transmitted by NCS.
4. Image quality must be at least 50% visible.
5. The received images can be uploaded to <https://sstv.orari-jaksel.com>.
6. NCS will transmit a total of 3 images.

## LOGGING

All participants who successfully communicate with 8AØSJDx do not need to send a QSL Card.

For participants in the VR FM SSTV mode, the received image can be uploaded to <https://sstv.orari-jaksel.com> by October 10, 2024, at 05:00 UTC.

Duplicate QSOs (DUPE) on the same mode and band will only count as 1 QSO, and the last QSO data will be processed.

## QSL CARD AND SSTV AWARD

Each participant who has a QSO with station 8AØSJDx on each Band and Mode will receive an eQSL Card (1 Frequency 1 Mode entitles you to 1 QSL Card), which can be downloaded at <https://yh0ac.myqsl.id>.

For those entitled to receive the SSTV Award, it can be downloaded at:
